# About the Institution...

Gurukulam was established in the year 2018 under the umbrella of ABG Dharmarth Sansthan, a charitable organisation incorporated in 2015 with the aim to provide the best medical and education facilities. ABG Group is led by five directors Mr. Amit Bansal, Dr. Rajesh Gautam, Mr. Ashish Bansal, Dr. Sunil Agarwal and Dr. Deepika Sharma. The team combines the knowledge of almost 30 years of academic, professional knowledge and business acumen to shape an institution which is capable of keeping pace with the ever evolving times. ABG Group subsidiary, ABG Hospital was incorporated in the year 2015 to provide the best healthcare facilities to all sections of society. ABG Hospital is one of its kind hospital in the region which is spread over 40000 sqft, with state of the art ICU, German Endoscopy, USG, Complete Dental, Eye, Paediatrics and host of other specialities. Another subsidiary ABG Institute of Paramedical Science & Research was formed in the year 2016, to provide the best nursing, paramedical education with the expertise of in-house doctors which trained them on regular basis. ABG Institute is one of the most sought after institute in U.P due to the high standard of education set by its directors. It is one of the few institute in U.P to get 100% seats occupancy. It has currently on roll 250 students of various paramedical disciplines. Their dedicated efforts have been extremely fruitful in their earlier ventures and now they have set sights on reaching the pinnacle of education with GURUKULAM.

To move forward the legacy of success in healthcare and paramedical studies, directors of ABG Dharmarth Sansthan have decided to venture into education at the grass root level with the same vision, to provide best education with minimum expenses for the students. The school as its name suggests will have a completely distinct vision, best education with best faculty and top of the class infrastructure.

*There is nothing more important in* **EDUCATION**  
*than the development of* **CHARACTER**  
*because* **INTELLECT** *without character is a disaster*

## FROM THE DESK OF THE PRINCIPAL

As the Principal of the school, I am deeply honored and privileged to be part of a vibrant educational community, where every participant is a dedicated seeker of knowledge, and each day presents an opportunity for exploration and enlightenment. We perceive ourselves as a collective of eager minds, where learning is not confined to students alone, but extends to our esteemed faculty, devoted parents, and diligent staff members.

I am steadfast in my commitment to upholding rigorous standards and unwaveringly dedicated to enhancing the educational journey through collaborative efforts, all while steadfastly focusing on the advancement of our students. Our faculty adeptly employs two distinct yet complementary approaches—love and logic—to cultivate a nurturing and conducive learning atmosphere for all our learners. While love fosters trusting relationships, instilling a sense of respect, appreciation, and affection within our student-teacher dynamic, logic equips our students with essential life skills such as personal responsibility, self-control, sound decision-making abilities, self-assurance, and the cultivation of character imbued with moral integrity. The educational journey of your child is intricately woven into a robust partnership between home and school. We firmly believe that a strong alliance between us ensures optimal growth and development for your child. While the information provided here may address some of your queries, we recognise the invaluable role of social interaction in the learning process. Thus, we wholeheartedly encourage you to engage with us directly for a more comprehensive understanding. I eagerly anticipate our collaboration as we endeavour to foster a school environment where parents are embraced with open arms, students are actively engaged in meaningful learning experiences, and our dedicated staff members are revered and acknowledged for their unwavering dedication.

**Dr. Barkha Gupta**  
Principal, ABG Gurukulam

*Our Motto*  
**Education For All**

Education is not just about the subjects that are learnt and taught in school. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth. Today, children in India are growing in a more challenging and demanding environment. The rate of change in every sphere is rapid with. We, thus have to recognize the need for a globally relevant education.

We are very conscious of the fact that emotional stability plays a very significant role in the healthy growth of a child. One of the important tool to achieve this is through more interaction and one to one rapport with our children. This open and interactive approach also helps in discovering and strengthening inherent talent in the students. All our school activities are based on a participatory spirit that reduces the inhibition levels of the students and thus assists the students in becoming aware of their potential. The school atmosphere evokes a team spirit amongst the students and teachers with a conviction that 'We can do it'. The school motto 'Education for All' constantly inspires us to achieve greater heights. We promote the joy and excitement of learning and also enjoy the pleasure of our achievements.

Shree Kela Farms

*Dream Big*  
**Achieve & Celebrate**

ABG GURUKULAM is committed for educational excellence. Focused and targeted education is our mission and is indeed demand of the hour, built on strong foundation. Our team of professionals has designed Pre-foundation career program to help our students to have an edge over others in today's competitive examinations like NEET/IIT, CA, LAW. Small, steady steps so that each student attains his/her maximum potential with the help of our faculty in Kota.

We teach our students to dream big, achieve it and celebrate. However, words and picture are no substitute for direct experience, so I cordially invite you to visit our school personally and see first hand what makes ABG GURUKULAM so special.

**Dr. Rajesh Gautam**  
MBBS, MS. Optho  
Gautam Netra Chikitsalaya

ABG Gurukulam is more than an ordinary school. We encourage students to embark on difficult, challenging journeys that stretch their potential. But we do so with an unyielding faith in the capacities of our teachers and students. Our teachers are well qualified & share a passion for teaching, thereby bringing out the best in both themselves and their students. We edify our students in classical as well as contemporary models of learning while giving them a solid foundation in cultural insights of the world. The management and staff of ABG Gurukulam are deeply committed to working tirelessly in order to make our students' learning experience an exciting.

**Dr Sunil Agrawal**

MBBS, M.D. Paediatrician  
Shree Ram Hospital

The purpose of education is not just to produce academicians but also to develop humane and sensitive citizens. At ABG Gurukulam, we ensure that a congenial environment for learning is maintained while making sure that children have enough opportunities to develop their personal and interpersonal skills. We firmly believe that parents' role in the Child's educational development is crucial. It is the parents who are the first GURU of the child. So, we create mutual respect and strive to establish continuous communication between parents, teachers, and administration. We pride ourselves on creating a culture of learning where students are free to express or share their interest in variety of fields while developing their character as well. Delayed gratification, integrity, civic consciousness, and the willingness not to give up. These are the values that we seek to inculcate in our students.

**Dr Deepika Sharma**

MBBS, DGO Gynecologist  
Shanti Nursing Home

I am delighted to welcome you to ABG Gurukulam.

ABG Gurukulam fosters educational excellence, prioritizing each student's positive impact and overall development. With a focus on creating a happy, safe, and supportive environment, we aim to unlock every child's potential. Our curriculum is meticulously designed, integrating innovative practices and technology to deliver high-quality education. We deeply value our educators, who are not only highly qualified but also dedicated to nurturing students' academic and personal growth. Beyond academics, we offer a wide range of co-scholastic activities to help students explore and develop their talents. At ABG Gurukulam, we are committed to providing extraordinary opportunities for students to excel both academically and holistically, ensuring they thrive and succeed in all aspects of their lives.

# Our Core Values

Dear Parents

We are delighted to have taken on the stupendous challenge of nurturing your child, motivating and guiding them to be energetic, passionate, focused, confident and disciplined personalities; hence by the time they step into adulthood they are more than equipped to face the real world and take on the various challenges in life with a global outlook.

The uniqueness in providing the right blend of individuality, learning, vast exposure, freedom and discipline to the aspiring young minds is our hallmark. We consciously work on the following attributes:

- Building self-esteem
- Building creativity
- Increasing concentration
- Developing mental skills
- Fundamental learning
- Linguistic intelligence
- Logical intelligence
- Spatial intelligence
- Musical intelligence
- Bodily-Kinesthetic intelligence
- Reflective intelligence
- Intrapersonal intelligence
- Interpersonal intelligence
- Naturalistic Intelligence

## VISION

The motto of our School is a vivid reflection of the mettle and dedication that goes into the making of a noble institution, with a noble mission is a constant reminder that the school spirit always accords greater priority to the welfare of others over welfare of one self. Service towards an enlightened path has always been the bedrock of our school philosophy; which reflects a commitment to serve others willingly, graciously and selflessly. Our Institution contributes through sincere efforts to prepare the young pupils to become ideal citizens and hope of the nation.

## Excellence

- Across everything it touches, the school sets the highest standards.
- Exhibits a strong sense of commitment to the academic community in addition to personal success in the classroom.
- Constructive and objective feedback to students.
- Finds unique and creative ways to connect students to each other.

## Character

### **Instill a foundation of honesty, ethics and fair-dealing in the students.**

School is not just about learning concepts; it is also a place where a foundation can be built for becoming upstanding adults. Every school should set a tone of respect, honesty and genuine kindness for all students. Whether they like it or not, teachers are role models for students and can provide examples of good character every day in the classroom. Students notice what teachers, do, say, tolerate, and how they handle challenges.

However, character building can also be done proactively through planned actions and activities within the classroom. These classroom activities will encourage students to develop and adopt quality ethical principles and behaviours that can last far beyond the classroom. Here are seven ways to help build character within the classroom:

## CREATIVITY & VIGOUR

The ability to realise your fullest potential by applying the knowledge you acquire to the various tasks and responsibilities one undertakes in life.

## PROGRESS

Envision the ever-evolving future and encouraging new ideas to move forward in life.

## HOLISTIC EDUCATION

Among the key strengths of the ABG Gurukulam education system where much emphasis is laid on broad-based and holistic learning, focus on teacher quality and integration of information into learning. We also believe that our school works closely with the parents and the community.

## Our Philosophy

At ABG GURUKULAM, education is about promoting the development of knowledge and competence that will enable each student to adapt to the society; also actively participate in all spheres of social and economic life, taking more control of his / her future. We are devoted to impart education to create conscientious students with meaningful involvement and reflective approach. We ensure to prioritize the child-centered learning with a focus on critical contemporary issues at local & global level. We focus on nation building through compassion and awareness for the society and environment with a belief that one must give back much more than what one has received.

# Welcome **TO THE WORLD** *of Academic Excellence*

Academic excellence is not just a goal for us; it's a guiding principle that informs our strategic vision, drives innovation, and fuels our commitment to continuous improvement.

NEP 2020 The Central Board of Secondary Education (CBSE) has switched to a new educational model in the following academic year. The board has issued a directive to all CBSE-affiliated schools (NEP 2020). The CBSE 10+2 education system will be replaced with the 5+3+3+4 system.

## **4 YEARS SECONDARY CLASSES (14-18 YEARS)**

**For Classes IX to XII**

# FOUNDATION STAGE

(3+2)

Pre School  
(+ 2 Years)

Our world-class curriculum is built on the principles of the Responsive Classroom- a way of teaching and learning that emphasizes our core values. Our staff also includes expert learning support teachers at every grade level, English as an Additional Language (EAL) specialist teachers for our non-English native speakers, and a challenge and enrichment program to provide extension for our students. In Early Years we want our children to have fun, be happy, feel safe, and grow in confidence. Through the care and guidance of our teachers, we help children develop the ability to be creative, independent thinkers, and problem solvers.

We understand and champion the fact that children learn best in an environment that allows them to be children, first. Our junior classes, run by highly-qualified and experienced teachers and assistants, provide a rich combination of daily self-initiated activities, guided lessons, and small and large group interactions. Through play, children practice and consolidate the necessary skills and attitudes needed to acquire new knowledge and make sense of the world around them. Our secure playground, all- weather activity field, and theme based classroom, offer a rare mix of stimulating outdoor spaces for children to develop understanding and grow physically, socially and emotionally.

*The Kid's Zone*

*Christmas Celebration*

*Colours Day Celebration*

*Letter Recognition*

# PREPARATORY CLASSES

## III TO V

We believe that all children have the ability to thrive and achieve at school. Our teachers encourage their natural curiosity with individual support and a wide range of experiences both in and outside of the classroom.

Our young students begin to learn through play, exploration, and lessons that are both stimulating and fun. Our qualified and experienced teachers and specialists use the most effective approaches to help students develop positive skills, understanding, values, and attitudes.

*Every Child has his*

## *Field Trips*

## *Learn by Play*

## *Team Work*

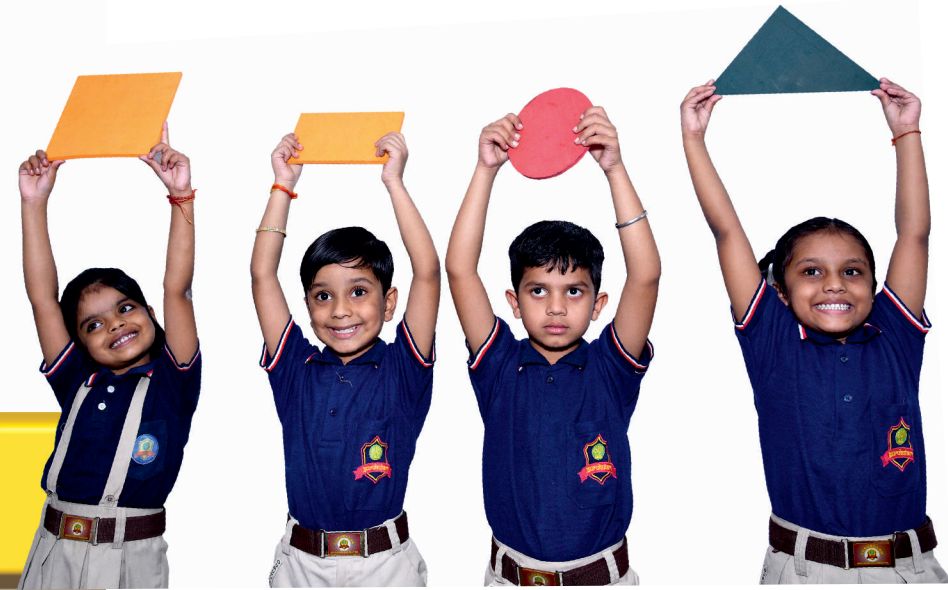

## *Parents Partnership*

In close partnership with parents, we actively welcome new families into our school. We want to see children quickly gain courage, optimism, and the resilience to persist in the face of challenges.

Our students are guided by inspiring teachers to develop their academic, social, emotional and creative potential. We provide a broad and balanced curriculum which prepares our students to embrace independent learning, collaborative teamwork, and responsible decision making.

*own horizon we help to fly high*

# MIDDLE SCHOOL CLASSES VI TO VIII

Middle School prepares students for the rigors of Secondary School. Each is encouraged to participate in co- and extra-curricular activities and to choose from a variety of electives and clubs.

Our goal is to inspire every student to love learning and, in doing so, reach their ideal academic and social self. Academically, they are developing higher level thinking and reasoning skills, while socially, peer group approval gains importance as they begin to develop their own values and make their own decision.

Central to the success of our Middle School is the partnership we create with parents. As a learning community we understand that working closely together is the best way to support the needs and develop the potential of each and every student.

*Setting spirit of high moral*

# SECONDARY SCHOOL CLASSES IX TO XII

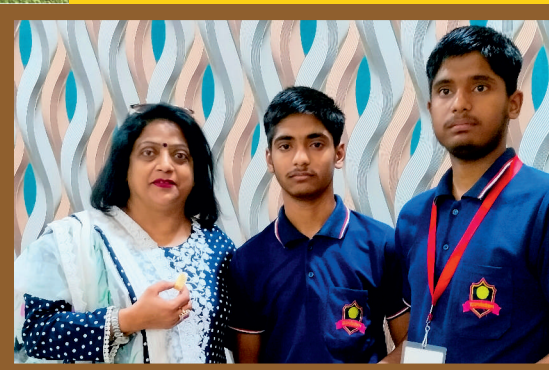

The main objective of secondary education is to impart knowledge and understanding among students in terms of not only academic subjects, but also in terms of factors that would enable them to form their identity.

In the system of secondary education, the students are generating adequate information in terms of teaching-learning methods, teaching-learning materials and the other factors that are necessary in achieving educational goals.

It needs to be ensured, they do not prove to be impediments within the course of acquiring an understanding of the lesson plans and achievement of educational goals. Therefore, secondary education is advantageous in promoting student learning on a comprehensive basis.

The main concepts that are taken into account in this research paper are understanding the meaning and significance of secondary education, objectives of secondary education, factors taken into account in leading to developments in the system of secondary education and recommendations.

**100% Board Result**  
**15% Students got 90% or above**  
**50% Students got 80% or above**

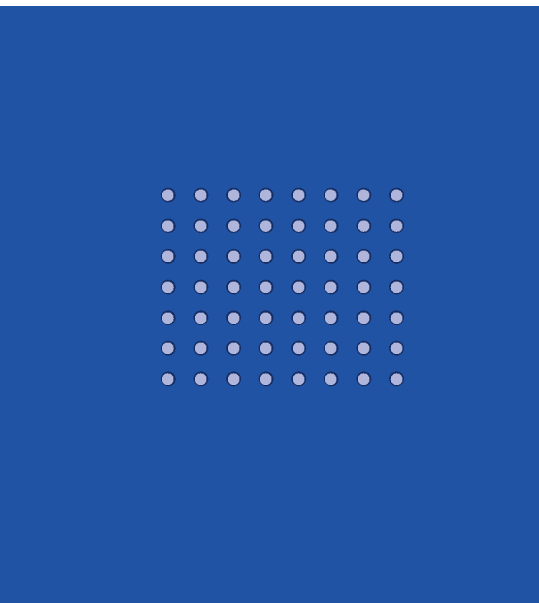

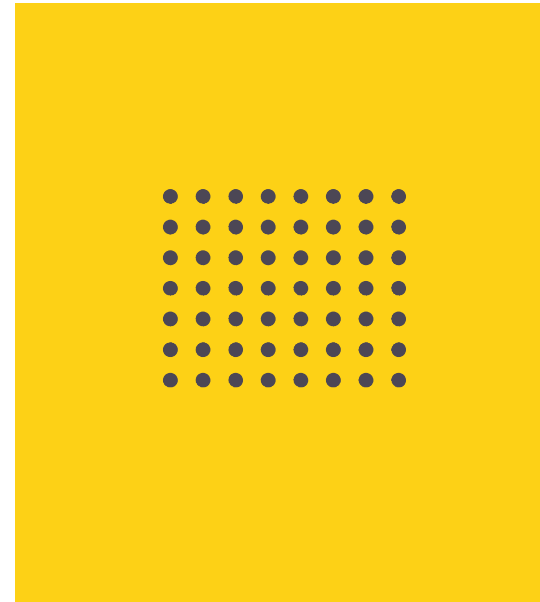

# Science **LABORATORIES**

The school has huge, well equipped Biology, Physics and Chemistry Labs. The Labs with modern amenities and quality specimens and models open up a world of knowledge for children to observe experiment and comprehend. Extensive use is made of the Tata Edge Smart Class facilities. Interesting projects help sustain and satisfy the curiosity of the budding scientists. 'Learning by Doing' remains the motto.

## **PHYSICS** LABORATORY

The school has a well-equipped laboratory in which efforts are made to provide individual learning and experimentation time to the students to develop a high order of practical skills.

## **BIOLOGY** LABORATORY

A well-equipped and spacious bioscience laboratory has been established having all ultra-modern facilities. Wide range of plants and animal specimen. Superior quality microscopes, chemical balance and water bath are available for effective experiments.

## CHEMISTRY LABORATORY

We have well-planned, fully equipped and spacious laboratory. Acid-proof workstations filled with L.P.G. All necessary facilities are available for ensuring effective safety in the laboratory.

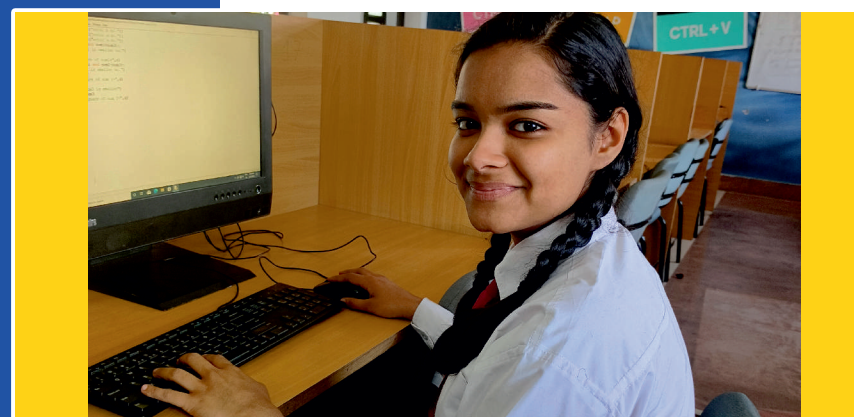

## COMPUTER LABORATORY

With computer education an essential part of modern day living, it has become the priority of the school to make students and teachers computer savvy.

The school has Computer labs with 40 computers each to equip the staff & students. Special courses on animation, graphic designing etc. apart from regular syllabus are imparted.

The labs maintain 1:1 student- computer ratio. It not only helps students to learn computer but also guide them how to utilise technology effectively to attain the maximum performance.

## Math Lab

The impact of globalization has thrown up many options for living. At Gurukulam, we feel such challenges can be faced well only when the discovery of one's resources is effectively facilitated. The Counselling Cell conducts career counselling sessions with the help of experts from respective fields, for the benefit of the students.. These classes are aimed at grooming young girls and boys for manners and etiquette, with a stress on value based development.

School is the foundation of a child's future. Teachers are the architects who nurture and strengthen this foundation. They not only impart knowledge but also play a pivotal role in molding a child. They are the guides, mentors and counsellors. Our Teachers are committed to the noble profession and consider it as an honour to be so.

## The School Library **The Learning Resource Center**

The School has separate well- equipped libraries for the Primary and Senior sections. The libraries have open book shelves for easy access. The Junior Library has a wide variety of colourful books to attract the young readers and satisfy their curiosity. The Senior Library boasts of a wide variety of subject related reference books together with fiction and non-fiction. Internet facilities e-books are the other additions.

**Keep Silence**

*The Geniuses are Concentrating*

### **Medical:** Good Health is the greatest blessing!

A full time qualified Doctor & Nurse listen and attend to the woes of the little patients. Immediate help and first-aid is provided during school hours for all ailments.

### **Creative Arts**

Well equipped Art & Craft rooms open doors to a colourful world of creativity for our young artists who have made their mark at the National and International level. A plethora of classes fuel the creative instinct inherent in children like drawing, painting, pottery, paper mache, fireless cooking, paper quilling to name a few.

## **The Unequalled Concerns**

The Counseling Cell under a qualified and experienced Counselor aims at strengthening the child's coping abilities to counter environmental stress, complex situations and the adolescence. The students can also walk up to the counsellor for a heart to heart talk and this has proved a very helpful for the students.

### **Personalized Counseling**

The Counsellor, available on all school days helps students from all classes when referred to by teachers or parents.

### **Group Counseling**

Equipping children with life skills is one of the most essential tasks at Gurukulam. Programmes, Seminars, and Group Discussions are held on sensitive issues like HIV AIDS, Drug Abuse, Bullying, Gender Equality to create a strong awareness in the pupils.

### **Career Counseling**

The impact of globalization has thrown up many options for living. At Gurukulam, we feel such challenges can be faced well only when the discovery of one's resources is effectively facilitated. The Counselling Cell conducts career counselling sessions with the help of experts from respective fields, for the benefit of the students.. These classes are aimed at grooming young girls and boys for manners and etiquette, with a stress on value based development.

School is the foundation of a child's future. Teachers are the architects who nurture and strengthen this foundation. They not only impart knowledge but also play a pivotal role in molding a child. They are the guides, mentors and counsellors.

Our Teachers are committed to the noble profession and consider it as an honour to be so.

# Curriculum

Evaluation at ABG Gurukulam is a continuous and comprehensive process. The school follows the Monthly Test system for foundational stage. The end of each term is marked by formal exams, starting from class III. A comprehensive system has been devised to trace the performance of each student over the years of his stay at school, which enables the school and the parents keep a track of the child's progress. We are proving the study material from one of the best coaching institute in India. Thus student prepares well for the competitive exams like NEET, IIT-JEE and CA.

## **Streams Non Medical**

English, Physics, Chemistry & Mathematics.

## **Medical**

English, Physics, Chemistry, Biology

# Beyond the Curriculum...

## **Social Awareness**

At ABG Gurulam, we prioritize fostering social awareness among our students. Through community service projects, and awareness campaigns, Our students are encouraged to actively engage in activities that promote inclusivity, diversity, and environmental sustainability .

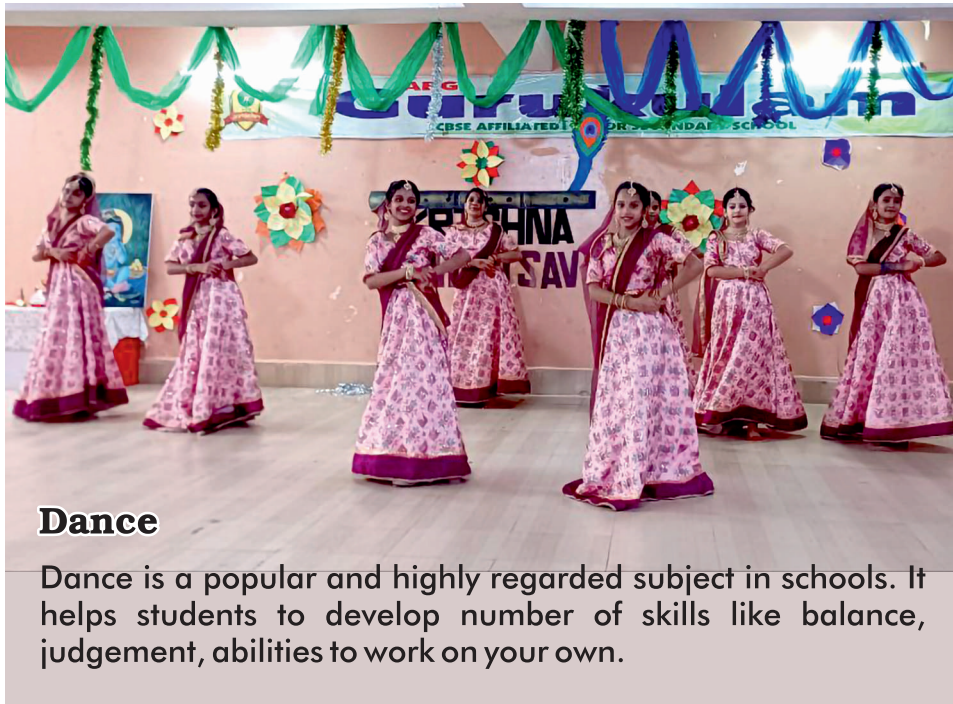

## Music

There is an opportunity for children to learn to a musical instrument. Currently, this instruction takes place in small groups or individually during lesson time.

## Dance

Dance is a popular and highly regarded subject in schools. It helps students to develop number of skills like balance, judgement, abilities to work on your own.

## Badminton

## Table Tennis

## Volley Ball

# Sports

## Basketball

## Kho-Kho

## Cricket

## Projector Room

Educators have been using projectors to integrate technology into classrooms since the late 1800s, and today's projectors maintain the same basic purpose: transmitting images onto a surface. But that's where the similarities between projectors from then and now end.

Projectors have evolved significantly in weight, technology and dimension since they were first introduced into classrooms.

Students used to watch different programmes in projector room. Our teachers are using projector as a mode of teaching methodology. They are showing them power point presentation as well as video related to teaching aids.

## Security

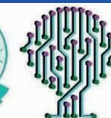

At our school, we maintain a vigilant approach to security, with comprehensive CCTV coverage across campus.

This proactive measure helps us create a secure learning environment where students can thrive

## Carte Blanche

Under this program, we will be implementing Hybrid Learning, Digital Literacy & Skill Hub Initiative. Eight hundred and forty schools from 766 districts in India have already registered for the program and we are one of them. We are implementing Carte Blanche from the session 2024-25 in our School.

**CARTE BLANCHE**  
ENDLESS EMPOWERMENT  
HYBRID LEARNING PROGRAM

Head Of Institution

**Region 3**

with  
GPS  
Tracking

## Transport Facility

The school will provide transport to all those who wish to avail of it. Our buses ply in every area of the city including its outskirts, making it very easy for any family to send their ward to our premises without taking any hassles upon themselves. All safety standards are maintained on-board. The buses have escorts who are equipped with mobile phones easy tracking/communication with parents and the school administration.

## Admission Criteria

Admission to Classes LKG & UKG is based on vacancy.

Few seats are reserved for Management Quota, RTE, Sibling Cases, Staff Child, Transfer Cases. Admission under RTE will be granted only in Nursery by reserving 25% seats. Admission to Class I to VIII is on the basis of preliminary interaction with the parent & child. The candidates will be selected on the basis of entrance exam performance.

Admission to Class IX is on the basis of an entrance exam in English, Science, Social Science and Mathematics conducted at the beginning of every session. The entrance Exam will be followed by an interview. For selection Minimum 60% will be the cut off & merit order will be prepared on the basis of performance in the Entrance Exam & Interview. Admission to class XI is as per the criteria fixed by the school and the performance in Class X Board Exam.
